TERMINATION SERVICES BY MIND MARITIME ACOUSTICS

GunLink Terminations – New Umbilicals, Repair and Re-termination of Dry End and Wet End Assemblies

Termination services for seismic umbilicals, carried out in the Western Hemisphere by factory-authorized technicians using original Seemap hardware.

New Umbilicals · Re-termination · Repair

Our factory-trained technicians install complete GunLink termination kits for new umbilicals and direct field re-terminations.

100% Genuine Seemap Hardware

We use only authentic Seemap termination kits, ensuring full compatibility and traceability to factory standards

Eliminate Long-Haul Shipping Delays

Based in the Western Hemisphere, we maintain local stock and in-house service to keep lead times short and cut high shipping costs.

Single-Source Warranty

All new terminations, repairs, and re-terminations are backed by a comprehensive parts-and-labor warranty. One point of contact means less hassle and faster turnarounds.

For more information on Termination Services, contact MIND Maritime Acoustics at +1 936-291-2277 or email MMA-OPS@mind-technology.com
